Let's make things better.

PHILIPS

## Home Cinema Enhancement

### Total Power 250 Watts, Dolby Digital (AC-3) Surround Sound Equal Power Output

50 watts L/R front, 50 Watts center, 50 Watts L/R rear RMS equal output power per channel, at 6 Ohms, from 80Hz-16kHz, with no more than 10% Total Harmonic Distortion (THD).

### 5 Speaker Dolby Digital (AC-3) Surround Sound System

Provides the latest industry standard for home theater sound from DVD movies. With the built-in Dolby Digital (AC-3) Surround Decoder, it decodes and reproduces the latest 5 channel digital surround effects for DVD Home Theater System. The front left and right speakers deliver detailed, directional sound as the center channel speaker "steers" dialogue / vocal sound to where you see the mouth moving - at the TV / Projector screen. Both stereo surround speakers and a greater sense of depth with special effects and time delay, make every living room a home theater with spaceships overhead, aliens behind the couch but no gum on the floor.

### Magnetic Shield

Left front, right front, and center speakers are all equipped with magnetic shielding to prevent interference with color television picture tube purity.

### 2-Way Bass Reflex Shielded Speaker System

Left /Right front speaker equipped with one 5<sup>1</sup>/<sub>4</sub>" woofer for smooth low and mid range reproduction, one 2<sup>1</sup>/<sub>2</sub>" ferro-fluid cooled tweeter for crisp high tones.

### 2-Way Full Range Center and Surround Speaker System

Center and rear speaker equipped with one 4" woofer for smooth low and mid range reproduction, one 2<sup>1</sup>/<sub>2</sub>" ferro-fluid cooled tweeter for crisp high tones.

### Dual Jog for Movie and Sound Navigation

Dual JOG SHUTTLE control for Movie and Sound add a new dimensions in fine-turning control for movie and sound settings to suit your personal taste

**Movie Navigation:** Scan, A-B, Zoom, Return

**Sound Navigation:** Virtual Environmental Control, Personal Settings, Digital Sound Control and Dynamic Bass Boost.

### 3-Step Dynamic Bass Boost (Beat Punch, Blast)

Bass reproduction is essential for deep and rich music, 3 step DBB offers the optimal level for any kind of music.

### AM/FM Stereo Digital Tuner

State-of-the-art precision tuning system insures precise, accurate station selection every time, along with the greatest performance and reliability available.

### Subwoofer Ready

Affords easy access to greater dimensions in sound with output signals available for connection to a subwoofer.

## Design

### Oversized, MultiColor, Digital FTD Display

This large display is easy to read at any distance with no distortion or distraction and the multi-color format makes it easy to recognize different functions at a glance.

### Detachable Cloth Speaker Grilles

Detachable cloth covered grilles protect delicate speaker components with rich, high-tech styling.

## Design

### Design Concept

The attractive and shelf appealing emphasis on sound control panel dominates and determines this ranges character. The sound control panel emphasis which support the entire sound story is reinforced by 3 distinctive rotaries (movie jog, sound jog and volume) and direct access surround sound control panel that builds itself logically up the range with features, finishing, colors and product design detail differentiation among Home Theater System.

## Convenience

### 3-Disc CD Changer with Motorized Drawer

Multi-disc play capability provides more than three hours of continuous music.

### Change While Play

Flexibility of changing 2 discs while still listening to the third disc being played.

### CD-Rewritable Compatible

The player offers 100% playback guarantee of CD-Rewritable CD's over the entire lifetime of the player. Even CD-RW audio recordings on computers can be used.

### 40-Track CD Random Program

Store up to 40 of your favorite CD track selections, from one or multiple discs, to be played back in the order in which they are programmed anytime you like.

### Repeat track

Repeat your favorite track.

### Shuffle One/All Discs

Plays all selections on a particular disc or multiple discs in multi-disc players in random order, ignoring the sequential order in which they were originally recorded.

### 1 DVD/VCD Motorized Drawer

Delicate motorized drawer provide DVD/VCD movie and sound in addition to 3-CD Changer.

### Dolby Digital (AC-3) Surround Sound Control Panel

This large control panel is easy to use at any situation to switch between Dolby Digital (AC-3), 3 Stereo and Stereo mode.

### Easy Set

Press Standby 'ON' for 5 secs to automatically program 40 tuner presets.

### Auto Store

Automatically stores up to 40 preset FM or AM stations.

### 40-Track CD Random Program

Store up to 40 of your favorite CD track selections, from one or multiple discs, to be played back in the order in which they are programmed anytime you like.

### AUX /CDR inputs

For connections of audio accessory pieces such as CD-Recordable, Television or external cassette deck.

### Demo Mode

Functions always. Press "STOP" for 5 secs to interrupt demo mode.

### Easy Hook up with Color Coded Cables

Center - Blue/Black, Front - Red/Black, Rear - Grey/White

### 3 Dim Display modes (Including nite mode)

2 different display options showing different amounts of display activity can be selected and 1 nite mode display which shows minimal display activity and turns most of the lights off.

## Clock/Timer and Sleptimer

Set the alarm portion of a built-in digital clock to wake you to music from your favorite CD or an AM/FM radio station at any desired time of the day. Sleptimer settings of 60, 45, 30 or 15 minutes.

## Energy Saving Standby Mode (<2 watts)

Most systems consume 10-15 watts just on standby. Philips systems consumes less than 2 watts of energy on standby for big savings to the listener.

## 45-Button Remote Control

This infrared remote control operates volume +/-, all CD functions (NEXT, PREVIOUS, PLAY, STOP, PAUSE, SHUFFLE, REPEAT, PROGRAM), TV/AV, AUX/CDR select, TUNER select, DVD select, CD select, DVD MENU, OK select, OSD, SURR. SUBTITLE, ANGLE, AUDIO, ZOOM, A-B, SLEEP/TIMER and sound enhancement features including Digital Sound Control, Virtual Environment Control, Dynamic Bass Boost & MUTE.
