# PRODUCT FEATURES

The open road is a test and your case better be able to handle whatever the streets have to throw your way. That's why our cases are packin' with Rugged Road Ready Features. Think of them as an insurance policy against Road Rash. Built for the long haul and 100% Road Ready.

## INDUSTRIAL RIVETS

Double anchor Industrial rivets to secure all Road Ready Hardware for **maximum durability**. Bring on the abuse.

## BALL CORNERS

Beefy, stackable chrome ball corners with **3-prong six-rivet industrial anchors**, designed to provide protection against even the heaviest transit

## INDUSTRIAL HINGES

"Quick-Fit" Industrial hinges allow easy top removal and installation while providing secure latching. Quick and easy the way it should be.

## INDUSTRIAL LATCHES

Recessed, chrome, bi-position butterfly latches. Industrial grade with ten rivet anchor construction. These puppies are built like a safe!

## TONGUE AND GROOVE FIT

Tongue and groove construction for a **heavy-duty locking fit**. Sealed tight for anything the road throws your way.

## CASE CONSTRUCTION

Rugged premium 3/8" vinyl laminated plywood; structurally strong and built to resist damage. Go ahead give it a pounding.

## PULL OUT HANDLE

Pull out handle so you can pull or push your gear with ease. **Hide it away or extended into a locked position**. No more lugging your gear around.

## RACK RAILS

Heavy duty rack rails designed to secure your electronics (mounting hardware included) in place. Bolt **down with confidence**.

## REAR ACCESS DOOR

Latchable hinged door at the rear of the case so you can access your gear for convient connections. **Definitely a secret passage worth having**.

## PICK AND FIT FOAM

Pick & Fit Foam Technology allows **you to customize your case to fit any gear under the sun**. Your gear can change, your case shouldn't

## RUBBER FEET

Industrial grade rubber feet attached with heavy-duty bolts and recessed T-nuts. Because the bottom of your case has to deal with road rash.

## SPRING LOADED HANDLES

Recessed chrome, spring-loaded, handles. Retractable so they stay out of your way. Heavy-duty rubber grip to prevent white knuckles and blisters even when dealing with the heaviest of loads.

## FRONT ACCESS PANELS

Front panel design with removable faceplates. Designed to provide hassle free access **to your front mixer controls, CD drawers and headphone jacks**. Because you don't have time to waste.

## CABLE PORTS

Unique ports with a protective back plate for convenient routing of AC and phono cables, through the rear of the case when in use. Keep your connections and wiring secure when not in use. Think of them as your case's personal bodyguard.

## LOW PROFILE WHEELS

**Stealth and sleek low profile wheels** for ultimate mobility. Take them off-roading if your heart so desires.

## INTEGRATED STORAGE COMPARTMENTS

Removable compartment located within the case's cover to provide **extra storage for all your messy cables and accessories**. Simple and smart space planning.

## WINGS

Heavy-duty weight bearing wings designed to mount easily on top of your slant rig and provide all the **extra working space you need**. Fold up neatly inside 1U of space when not in use. Your work space problems solved

## Z-LOCK FOAM

Z-Lock foam. Lock-it, un-lock and easily customize the inner length, width and height of your Road Ready case. Go ahead, upgrade to the bigger model.

## SHOCK MOUNT TECHNOLOGY

Unique integral suspension system built into the case. Provides un-parallel protection against even the most rigorous trauma. Just begging for abuse.

\* Not all features listed are available on all case models.

# UTILITY CASES

**Utility, definition.-**  
**1. something useful or designed for use. 2. Road Ready utility case.** Your gear can change, your case shouldn't. This is the thinking behind our Utility Series. Built to hold everything and anything, our series of utility cases is designed to provide **extra room where you need it. Our exclusive high-density Pick-&-Fit Foam** allows you to customize your case so it can hold virtually anything; **CD recorders, mixers, digital recording studios, wireless mic systems, headphones, guitar effects, pedals and more.** Simply shape the Pick-&-Fit Foam to create **your perfect fit. If your needs change, your case doesn't have to.** Pick-&-Fit Foam replacements are readily available.

# MIC cases

Your mic is your voice to the world. Protect it. Designed **for flexibility and comfort,** our wireless and standard mic cases are built with brains and feature smart design elements like our **exclusive Pick-&-Fit Foam** so you can custom design your case to hold virtually any mic component imaginable. We also added special storage compartments so you can **finally get a grasp on** organizing all those messy cables and accessories. Strong, durable and comfortable to use; built to work the Road Ready way.

## Road Ready

LIMITED LIFETIME WARRANTY

LIMITED  
LIFETIME  
WARRANTY

Road Ready Cases warrants to the original owner of each new Road Ready Product (provided that is purchased at an Authorized Road Ready Dealer) that is free of defects in materials and workmanship and that each product meets or exceeds all factory published specifications for each of our respective models. Road Ready agrees to repair or replace (at its discretion) all defective parts at no charge for labor or materials. Road Ready will correct any defects by repair or replacement and ship back the product to the customer within a reasonable time after receipt of the defective unit at a Road Ready Authorized Service Center. This warranty does not cover damage or failure of product due to misuse, alterations, reasonable wear and tear, or product repairs performed by a party other than an authorized Road Ready Service Center. There are no obligations of liability on the part of Road Ready for any consequential damage or any other indirect damages with respect to loss of property, revenues, profit or costs of removals, installations or re-installations arising out of, or in connection with, the use or performance of a Road Ready product.
