ONYX MIXER CASES SERIES

Created for the Pro's, our series of Onyx mixer cases is made for the journey and built to hold strong in high stress situations. Designed to fit all the popular Onyx models, the cases in this series feature a heavy-duty removable, latchable cover with our No Pressure Design to protect your mixer controls and a unique low profile base design that allows you to access your mixer's rear connection panel without removing the mixer from the case. And to make transporting your gear even easier, on some models we included our low profile wheels or rugged caster for sleek, stealth mobility. A Doghouse to get a handle on all your messy cables is also an option! Tougher than the pavement! That's the idea.

Rugged Road Ready Features

- * Double Anchor Industrial Rivets
- * Recessed, Industrial Grade Latches
- * Industrial Grade Rubber Feet
- * Spring Loaded Handles
- * Premium 3/8" Vinyl Laminated Plywood
- * Tongue and Groove Locking Fit
