# SONY

The "Oxford" R3 Digital Mixing Console Dynamics Section

## Features

- *Channel Dynamics with separately controlled sections for Compressor, Limiter, Gate and Expander.*
- *Channel Dynamics includes fully featured 2 Band side chain EQ with audition function.*
- *Separate Bus Compressor / Limiter with surround multi-format support and selectable Sub channel filtering and gain contribution control.*
- *Selectable linear and exponential time constant curves.*
- *Highly accurate logarithmic side chain processing.*
- *Fully variable soft ratio function for extreme programme tolerance and highly musical compression.*
- *Variable harmonic enhancement for extra loudness, presence and 'punch'.*
- *Selectable re-dithering function for word length reduction in mastering situations.*
- *Extremely low signal path noise and distortion, below -130dB.*
- *All functions are fully automated.*
