- Internal storage for 300 Discs
- Advanced MegaStorage Control for a second CD Changer
- Custom File Disc Memo display shows titles for up to 600 CDs
- Custom File Group File organizes your CDs into eight groups
- CD Text automatic display of disc and track names with compatible CDs
- PC keyboard input for easy text entry
- Second CD changer input
- Easy Play and Easy Eject simplify handling of 300 CDs
- MegaStorage Crossfade play; No-delay play
- Twin Jog Dials for disc and track selection
- Memo Scan by loading slot, Memo Search by alphabet
- MSRP: \$360.00

● Features

- **Number of Discs** 300
- **8x Oversampling Digital Filter** Circuit that combines excellent phase linearity with superb suppression of aliasing noise. Yields better stereo imaging.
- **Hybrid Pulse D/A Converter** An advanced Compact Disc design that places the Digital-to-Analog Converter and digital filter on single integrated circuit.
- **Number of D/A Converters** 4
- **Digital Servo Control** System that maintains stable tracking, laser focus and disc rotation -- all with higher precision and lower radiated noise.

- **Line Output (Fixed/Variable) Fix.**
- **Optical Digital Output** Offers pure, digital-to-digital connection to an MD Recorder or DAT Recorder. Enables dts encoded CDs to be played through an outboard decoder, such as Sony's latest STR-DE935 and DE835 Receivers with built-in dts decoding.
- **Second CD Input** Enables selected Sony CD changers to connect a MegaStorage CD changer and route the signal from both to a single Receiver input.
- **S-Link Control A1 Interface**
- **Off-Center Insulator Feet**
- **Operating Features**
- **Disc Select Jog**
- **Track Select Jog**
- **Play Modes 5**
- **3 Repeat Mode** Repeat a single track, a single disc, or All Discs for the continuous music of your choice.
- **Programming 32 x3**
- **Editing Features**
- **Custom File Features**
- **Custom File Memory (600 Discs)** A system that uses the unique ID number pressed into each CD title's subcode area. Custom File players can remember and display a name for each CD, along with specific instructions on how you prefer to play it.
- **Disc Memo Display** The Custom File feature that helps you remember which discs you have loaded. Disc Memo display lets you assign an alphanumeric name for up to 600 discs. Names are shown on the front panel -- and on the LCD of Sony's 2-way remote control.
- **Memo Scan** Lets you browse MegaStorage CDs by location. Disc Memo names flash by as you turn the [jog dial](#).
- **Memo Search** Lets you browse MegaStorage CDs alphabetically. Disc Memo names flash by as you turn the [jog dial](#).
- **Delete Bank** A Custom File feature you can use when a CD you like includes songs you hate. Use Delete Bank to skip selected songs. Can be switched off for playback of complete discs.
- **Hit List 32**
- **Group/Block File 8 Gr.**
- **Timer Switch** For music when you awake. Automatically enters the Play mode when an external timer activates AC power.
- **Cross Fade**
- **PC Keyboard Input** The easy way to enter Custom File text information on a Sony MegaStorage Changer. Enables you to plug in a standard PC-compatible keyboard and type your CD titles.
- **CD Text Display** Text information is encoded on a new generation of Compact Discs. When you play these CDs, Sony's top two systems will display artist names, disc names, and track titles.
- **Advanced MegaStorage Control** A higher level of MegaStorage control that displays the second changer's Disc Memo information in the front panel of the first. Both front panels continue to be usable, with priority going to the

last machine to be placed into Play.

- **Dot matrix display** A superior way to show names and numbers on the front panel. It's far more legible.
- **Display Characters** 13
- **Remote Control**

● Specifications

- **Frequency Response** 2 -- 20 k±0.5 dB
- **Harmonic Distortion** 0.000045
- **Signal-to-Noise Ratio** 107 dB
- **Dynamic Range** 93 dB
- **Channel Separation** 100 dB
- **Line Output Voltage** 2 V
- **Line Output Impedance** 50 kW
- **Power Consumption** 12 W
