**Product Description:**

Sony Pro Audio is proud to announce the introduction of the WRR-805A (ch) Portable UHF Tuner. The WRR-805A is a camera-mount UHF Tuner, designed to work with a variety of professional and consumer camcorders. It is designed with the same PLL-synthesized, UHF frequency agility, as our other UHF receivers and is totally compatible with our current range of UHF transmitters. The WRR-805A (ch) will be available on channels 64, 66 & 68.

The WRR-805A has:

- 94 PLL-synthesized UHF channels.
- Ultra-lightweight and compact design.
- 4 hours of continuous operation (w/ 2 "AA" batteries).
- DC-DC converter provides consistent performance without degradation due to drop in battery power.
- Receives battery alarm from transmitter.
- LCD display of status (AF, RF, channel, frequency, battery).
- 1/8" headphone monitor out, with variable level.
- Vinyl case with flexible mounting hardware for easy attachment to a variety of camcorder models.
