

Sony is pleased to introduce the latest addition to Sony's line of mixers, the SRP-X100. The SRP-X100 Audio Mixer is a multi-purpose unit designed to provide high quality affordable mixing capabilities to a wide range of business meeting, boardroom, educational and house of worship needs. Housed in a compact 1U size rack mount body, the X100 includes 6 mono and 3 stereo inputs channels with flexible routing to master, sub and record outputs.

# Sony introduces the SRP-X100 rack mount mixer

SRP-X100 • Suggested List Price \$675.00 ▼
