

Sony's SRP-X700 powered A/V matrix mixer offers an "all-in-one" solution for multimedia presentations. A totally new multimedia presentation concept unites the functions of a high quality audio mixer, wireless microphone receiver slots, RGB/video switcher, equalizer, active feedback reducer and power amplifier in a single, compact unit. Ideal for conference rooms and lecture theatres as well as a wide range of other presentation applications, the SRP-X700 reflects a major trend in modern presentations towards combining wireless and wired microphones with audio from multimedia sources ranging from video recorders and DVD players to notebook PCs and LCD projectors.

Sony's SRP-X700P Version 1.2 A/V Matrix Mixer

SRP-X700P • Suggested List Price \$2,700.00 ▼
