SONY®

IT Displays

MFM Displays – where TV and IT converge. Designed as a combination television and computer monitor, the multi-tasking MFM Series provides the ability to trade stocks online while watching CNN, check email and the weather report, all on one screen. These elegant hybrids offer all the features you'd expect from a high-end monitor, but are also equipped with integrated television tuners, HDTV connectivity<sup>1</sup>, SRS WOW™ Audio Technology and flexible TV/PC connectivity.

SONY®

IT Displays

**Key Technology Stories**

**Designed for computer, video and television** — Integrated NTSC TV tuner, HDTV connectivity, SRS WOW™ 3D Audio Technology for a premium multimedia experience with flexible TV/PC connectivity.

**HDTV-capable** — Enjoy HDTV content right at your desktop. Supports up to 1080i HD format when connected to a high-definition video signal with digital tuner (sold or leased separately).<sup>1</sup>

**Premium Picture Quality** — High brightness, high resolution LCD panel; high contrast and fast video response time means superior video performance for video and gaming.

XBRITE™

**Sony Only Technologies** — XBRITE™ LCD Technology optimizes brightness, color and clarity while ErgoBright™ technology optimizes brightness for any lighting condition.

**Picture-in-Picture, Picture-and-Picture** — Integrated Sony NTSC TV tuner with both Picture-in-Picture and Picture-and-Picture features let you easily intermingle television and movie viewing with computing.

**Ready for the future** — Digital input with High-bandwidth Digital Content Protection (HDCP) is ready for digital entertainment demands like DVD movies via computer multimedia playback.

SRS WOW

**SRS WOW™ 3D Audio Technology** — Enhances speaker performance by creating three-dimensional sound with deep, bass and wide separation.

**Remote Control** — Access features, channels, television and video source control, power, volume and more.

**Home entertainment versatility** — A perfect complement to your home entertainment system. Wall mountable. Macintosh and PC compatible. Headphone jack included for private listening.
