- Easy Setup button
- Energy Star compliant
- Multi-lingual on-screen display
- ChildLoc® circuitry
- High Speed Rewind
- Auto Head Cleaner
- Digital Auto Tracking
- MSRP: \$249.99

## ● Features

- **Video Features:**
- **19 Micron Video Heads** Yields better picture quality in EP mode - reduces the distortions caused by crosstalk.
- **Adaptive Picture Control** Tests each tape and the video head, and adjusts both playback parameters to optimum levels.

- **4-Head Dual Azimuth/Crystal Clear Effects** Two heads for LP speed and two for EP optimize playback picture quality. They also enable Crystal Clear freeze frame, frame advance and picture search.
- **Sharpness Control** Lets you adjust fine detail using the remote and on-screen display.
- **Audio Features:**
- **VHS Hi-Fi Stereo Record/Play** Enables stereo recording and playback with wide dynamic range and full frequency response.
- **MTS Stereo TV Tuning** Lets you receive stereo broadcasts, even if you don't own a stereo TV.
- **Programming Features:**
- **AutoClock Set** Feature that automatically sets the VCR clock-no more flashing "12:00"!
- **VCR Plus+ Programming** System that makes timer programming as easy as entering a number. Uses PlusCode numbers found in the TV listings of over 600 newspapers and TV Guide magazine.
- **Sony Cable Mouse Capable** System that coordinates your VCR and Cable Box or Digital Satellite System Receiver. Makes it possible to program a sequence of shows from cable or satellite. Also enables you to choose cable or Digital Satellite System channels using the VCR remote.
- **Convenience Features:**
- **EasySearch System** An on-screen navigation bar display of tape position that makes finding and playing your selections easier than ever.
- **Easy Set-Up Button** Push one button and the built-in menu system guides you through VCR setup. Includes menu language select, Digital Satellite System Receiver or cable box control setup, Auto Tuner Presets, and VCR Plus( [programming](#)).
- **Sony Smart Search** Makes it easier than ever to zip past commercials and coming attractions. Press the button once to go into high-speed picture search. Press again and the VCR stops, rewinds a few seconds and Plays.
- **Color On-Screen Display** Sony's new menus are subtler, more sophisticated and easier to read.
- **Multi-lingual on-screen display** Status and operating messages in English, French or Spanish.
- **Auto Tape Speed** For timer recording, a system that automatically changes the tape speed from SP to EP if the timer recording time is longer than the tape left.
- **Auto Head Cleaner** Maximizes picture quality by automatically cleaning tape residue every time you insert a tape.
- **Digital Auto Tracking** Keeps the rotary playback heads "in sync" with the recorded tracks. Adjusts itself so you don't have to.
- **Front A/V Inputs** Enable you to hook up a camcorder or videogame system without turning the VCR around. (Offered in addition to conventional, rear-panel inputs.)
- **ChildLoc Circuitry** Freezes control of the VCR except for timer functions.

- **High-Speed Rewind** Quickly and easily rewinds your tape.
- **Energy Star Compliant** Saves money and helps protect the environment by saving electricity in standby mode. Meets US Environmental Protection Agency standards for energy conservation.
- **Remote Control:**
- **Multi-Brand TV Remote** Operates most major brands of TV.
