Cinescore

Professional Soundtrack Creation

Cinescore™ software introduces new levels of customization, performance and accuracy to the world of professional soundtrack creation. Automatically generate an unlimited number of musical compositions using royalty-free Theme Packs in a wide array of popular styles. Discover the true potential of your video by taking full control over your soundtrack.

Royalty-Free Production Music

- Dynamic and effective musical tracks for movies, slideshows, commercials, and radio productions
- Fully composed, multi-genre production music
- Multiple tracks with functional editing capabilities ensure the most accurate fit for your media

Flexible and Easy to Use

- Make your soundtrack as simple or as complex as you want
- Includes popular genres perfect for action sequences, weddings, corporate presentations, family vacations, and much more
- Highly customizable for unlimited variations

Precise Control, Profound Results

- Make precise adjustments to volume, panning, pitch, and tempo
- Position Hint Markers to correlate with the changes in your video
- Audio sweetening track for transitions and sound effects

Multiple Media Options

- Drag and drop multiple file types on the Cinescore timeline
- Imports a wide range of file formats for easy project creation including PSD, JPG, SWF, PCA, AVI, MP3, WMV, WAV, MPEG-1 and MPEG-2 video
- Deliver projects in nearly any format such as MPEG-2 for DV and MPEG-4 for portable media players

Tutorials and Help

- Built-in *Show Me How* tutorials
- Single click access to in-depth interactive help
- Text dialog boxes and guides walk you through step by step so you can learn as you go
