

Vegas Pro 8

Professional HD Video, Audio, and DVD Creation

The Vegas™ Pro 8 collection combines all the professional tools needed to edit video and audio, encode to multiple formats, create CDs, burn Blu-ray™ discs from the timeline, and author DVDs. From editing and mixing, to multiformat encoding, to design and authoring, this trio of tools offers an efficient and integrated workflow for the multimedia professional.

Easy to Use

- Uses common Windows® commands such as cut, copy, and paste
- Easy drag-and-drop functionality
- Streamlined, user-friendly interface

Precise Video Editing Tools

- Edit SD or HD video with drag-and-drop functionality, mouse and keyboard trimming, and ripple editing
- ProType Titler to create sophisticated animated text effects
- Achieve greater color range with 32-bit floating point video processing

Superior Audio Control

- Multitrack audio mixing and new mixing console for precise audio control
- Import, edit, and export high-quality 24-bit, 192 kHz audio files
- Encode directly to Dolby Digital® surround with the included AC-3 encoding software

Powerful DVD Tools

- Burn to Blu-ray directly from the timeline for high-definition delivery
- Create standard DVDs with multiple video angles, subtitles, multiple languages, and running commentary
- Import layered Photoshop® files for use as backgrounds, buttons, masks and graphics

New Multicamera Workflow

- Edit multicamera productions intuitively and quickly by specifying shots as you watch your project
- Switch between as many as 32 video sources with a keyboard command or the click of your mouse
- Vegas Pro 8 software keeps all unused shots as alternate takes to make fine-tuning your edits more efficient

Extensive Capture and Export Support

- Supports most DV and HDV cameras including XDCAM and Sony DVD 5.1 camcorders
- Export to Sony® PSP™ (PlayStation®Portable)
- File export for Blu-ray™ title authoring

TOP NEW FEATURES

- ProType Titler
- Multicamera editing tools
- 32-bit floating point video processing
- Audio Mixing console
- Sony AVCHD import and export support
- Burn to Blu-ray Disc
- Digital signage support
- Interactive tutorials
