

The Sony UP-21MD printer is the ideal choice for the endoscopy and ultrasound markets. This Sony Color Video Printer is very compact and will help to free up space on medical carts. The UP-21MD width at 8 3/8" allows it to be easily integrated or rack mounted side-by-side with other equipment on medical carts. Although small in size, the UP-21MD printer offers a wide variety of features. Using Sony's Dye Sublimation printing technology, the UP-21MD produces near A6 size prints with approximately 400 dpi in approximately 20 seconds, using the Sony UP-C21L A6 media.

Sony's UP-21MD Color Video Printer
