

Sony's DSR-PD150 DVCAM™ camcorder, the DSR-PD150 provides high quality acquisition in the DVCAM component digital format, as well as consumer DV, allowing up to forty minutes recording on one Mini DVCAM tape or over a full hour in the DV mode. The DSR-PD150 is suited for Event Videography and Video Journalist applications. This compact camcorder features three newly developed 1/3 inch 380K pixel CCDs that allow two scanning modes: 480 progressive (for still recording) or interlaced (for video recording). These new CCDs also provide high quality acquisition with increased resolution and sensitivity at reduced noise and vertical smear. The DSR-PD150 also features complete Professional Audio functions with two built-in XLR inputs.

Sony's DSR-PD150 DV/DVCAM Digital 3CCD Camcorder

DSR-PD150 • Suggested List Price \$3,940.00 ▼
