NTSC/PAL

Remote Control Unit RM-VJ1/VJ1P

Introduction

Since the introduction of the Sony DSR-300/300P DVCAM™ Digital Camcorder, there has been a rapid increase in a new style of acquisition: one-person operation by professionals such as video journalists. The Sony RM-VJ1/VJ1P Remote Control Unit is a new, exclusive accessory for the DSR-300/300P, which connects directly to the camcorder via a CCA-7-7A cable. This compact, mobile and highly reliable remote controller with a professional microphone and an LCD screen greatly enhances operational convenience for one-person operation.

Application

Attach the camcorder to a tripod, and compose the shot using the LCD monitor. Then, report (or perform an interview) by yourself without the need of a camera operator.

FEATURES

Hand-held Monitor

- ◆ 2.5-inch color TFT LCD monitor
- ◆ Brightness control capability
- ◆ Monitor hood for a field production use
- ◆ LCD backlight OFF capability:
Power Save software

High Quality Microphone
