ViewSonic® ViewMate® Cable Collection

ViewSonic's new ViewMate Cable Collection allows you to connect your set-top box, DTV, DVD, projector, camcorder and other entertainment and computing devices to your flat panel TV or computer monitor. You'll get the best possible video and graphics when you connect your components with ViewMate HDMI and DVI cables because they are double shielded for the maximum video performance. The VGA cables are triple shielded. Made with high-quality materials, ViewMate cables prevent signal degradation and screen ghosting, further ensuring the highest quality images possible and come with a limited lifetime warranty.
