

# ViewSonic® NextVision™ M2000 Digital Media Center

REDEFINING YOUR PC

*Expand your home theater with a broadband ready, centralized digital media center featuring universal video and audio processing capability.*

**A complete entertainment system for your home.**

It's more than a PC. ViewSonic's NextVision M2000 Digital Media Center transforms your room into a digital multimedia center, **COMPLETE WITH PC AND INTERNET CAPABILITIES**. When you buy ViewSonic's M2000 Digital Media Center, you don't need to buy components separately for your digital entertainment and computing needs. The M2000 is **EVERYTHING YOU NEED IN ONE PACKAGE** – a high-performance PC, complete digital video recorder, TV tuner, DVD and CD reader/writer, digital music library and catalog, and digital catalog for home movies and photos.

Now available with an upgrade to **Windows Media Center Edition 2004**. See [www.ViewSonic.com](http://www.ViewSonic.com) for details.

*Especially great for tight spaces where multi-component systems can't fit.*

**Digital entertainment simplified.**

••• **All your TV viewing options at your fingertips**

View, record, pause and even rewind live TV with the built-in digital video recorder. Watch DVD movies on the built-in DVD player.

••• **Enjoy your personally created digital music library**

Put your personal CD collection on the hard drive, buy music on-line and play digital music directly through your sound system.

••• **Easily connect your existing components**

Includes all the inputs and outputs you need to connect all your TV, gaming, PC, video and audio components.

••• **Extensive digital storage capacity**

With a generous 160GB hard drive, you have the freedom to store, catalog and view all your digital photos, music, home movies, using the remote control.

••• **High-performance PC**

Get complete PC functionality with an 2.8GHz Intel® Pentium 4 Processor, Windows® XP Media Center Edition, 512MB of memory and 160GB hard drive.

••• **Broadband-ready**

Surf the Internet and e-mail friends through your existing broadband ISP connection\*\*.

*ViewSonic's LCD TVs with NextVision color technology are the perfect displays to complement the M2000 Digital Media Center.*

# ViewSonic® NextVision™ M2000 Digital Media Center

## REDEFINING YOUR PC

### Set up is as easy as:

1. Hook up your M2000 Digital Media Center.
2. Connect your TV signal.
3. Plug in your TV display (LCD TV, Plasma or regular TV).
4. Hook up your sound system via digital or analog audio.
5. Turn it on, set up your TV information, sit back and enjoy.

### Features you want:

- A. Media card reader for your digital camera memory cards.
- B. Combination DVD-RW/CD-RW drive.
- C. Infrared remote control sensor.
- D. Digital camcorder/still camera inputs on front and back.
- E. Outputs for digital video, RGB, digital and analog audio.

Horizontal or vertical installation integrates beautifully into your existing home theater or entertainment system.
