

Remotely Control and Manage your Presentations with the ViewSonic® PJ1158

A premium projector ideally suited for universities and large corporate campuses.

Network control features:

- **Scheduling**
 - Automatically turn projectors on and off to coincide with campus or business hours
- **Projector monitoring and control**
 - Integrate the PJ1158 into your LAN to monitor and control it from a central computer
- **E-mail alerts**
 - The PJ1158 monitors its status and e-mails status reports to up to five pre-determined e-mail addresses
- **Web browser control and monitoring**
 - Control and monitor the PJ1158 through a web browser to improve management efficiency
- **Still image transfer**
 - Transfer VGA-quality still images from a computer to the projector. Combine with the scheduling function to display the images at preset times.
