

airsync® V210

10" WIRELESS TABLET CLIENT

WITH INTEGRATED 802.11B/G
TECHNOLOGY

Give users freedom.

Liberate employees from their desks and BOOST PRODUCTIVITY with this cost-effective, lightweight solution. ViewSonic's *airsync* V210 wireless tablet client gives you the freedom to access your PC files and applications from wherever you need to be within the wireless network. Manufacturing workers can carry it through the warehouse, healthcare workers can take it to the bedside—wherever a wireless hotspot is accessible. Weighing less than 3 pounds, this TRULY PORTABLE DISPLAY is part of ViewSonic's complete line of professional grade mobile and wireless products.

IMPROVE PRODUCTIVITY BY MAKING YOUR DESKTOP PC MOBILE

> Anywhere, anytime

Remotely access files, applications and data from any location within the wireless infrastructure with integrated 802.11b/g capability.

> Maximize ROI

With ViewSonic's Visual Solutions Developer Tools CD-ROM software (available separately) improve productivity and ROI by developing specific applications for your business—then deploy them on the *airsync* V210 wireless tablet client.

> Customize applications

The *airsync* V210 wireless tablet client is an open platform for development with Microsoft® .NET Compact Framework in ROM.

> Stop waiting

Experience always-on, anytime mobile connectivity to your business PC within your wireless infrastructure and have instant access to e-mail, Internet files or corporate data with the tap of a stylus.

> Encourage mobility

Integrated networking support for 802.11b/g wireless LANs; access WANs and PANs via optional PCMCIA cards.

> Improve productivity

Access e-mail and corporate databases remotely with optional connectivity accessories. Input information on your *airsync* V210 and have it instantly stored on your business PC.
