

Wireless display for a mobile workforce.

Free yourself and your employees from their desks and BOOST PRODUCTIVITY with the cost-effective, lightweight V212 Wireless Tablet Client. The ViewSonic® V212 gives you the freedom to access PC files and applications from ANYWHERE WITHIN YOUR WIRELESS NETWORK. Doctors and other healthcare personnel can make their rounds and access patient records at the patient's bedside. Manufacturing and warehouse workers can carry the V212 around the warehouse to check and update inventory levels in real time. Workers can even stream and watch video while on the go. The optional speakers and mag stripe reader add to this device's versatility. This portable display weighs less than 3 pounds and FEATURES VIEWSONIC'S AWARD-WINNING QUALITY. Make your workforce truly mobile with the light and portable V212 Wireless Tablet Client.

V212

10" WIRELESS TABLET CLIENT

WITH INTEGRATED 802.11B/G TECHNOLOGY

IMPROVE PRODUCTIVITY AND ACCURACY

> Anywhere, anytime

Remotely access files, applications and data from any location within the wireless infrastructure with the integrated 802.11b/g connectivity.

> Maximize ROI

With ViewSonic's Visual Solutions Developer Tools CD-ROM software (available separately) improve productivity and ROI by developing applications specific to your business, then deploy them on the V212 display.

> Customize applications

The V212 is an open platform for development with Microsoft® CE.NET Framework. Some models are Z-wave capable or include a speaker back or mag stripe reader to customize for numerous vertical applications.

> Real time access to information

Experience always-on, anytime mobile connectivity to your business PC within your wireless infrastructure and enjoy instant access to e-mail, Internet files or corporate data with the tap of a stylus.

> Encourage mobility

Integrated networking support for 802.11b/g wireless LANs; access to WANs and PANs via optional CF cards.

> Improve productivity

Access e-mail and corporate databases remotely with optional connectivity accessories. Input information into your V212 and have it instantly stored on your networked PC.
