

ViewSonic® Pocket PC V36

The ultimate handheld PC for the mobile professional.

ViewSonic
See the difference.

The picture-perfect Pocket PC.

ViewSonic's new Pocket PC V36 is the handheld that proves **A PICTURE IS WORTH A THOUSAND WORDS**. The Pocket PC V36 incorporates a digital camera into your personal organizer, enabling you to add pictures to your projects or e-mail, while keeping you organized, efficient, and connected. And with a fast Intel XScale™ processor and the advanced Pocket PC 2003 operating system from Microsoft®, it provides you with **POWERFUL ACCESS TO IMPORTANT INFORMATION** while away from your PC. Transfer your e-mail and important office documents from your PC easily and quickly. Play MP3 files or even read a book with Microsoft Reader for e-books. Get the picture-perfect Pocket PC – the ViewSonic Pocket PC V36.

capture it!

Making the Most of Your Pocket PC.

The ViewSonic Pocket PC V36 uses the Microsoft Pocket PC 2003 operating system to enhance your experience – making it easy to use for the beginner while providing advanced users more control. Pocket PC 2003 also enables you to utilize instant messaging, including multimedia files.*

Capture the moment with the built-in digital camera.

*Connectivity device and services sold separately.

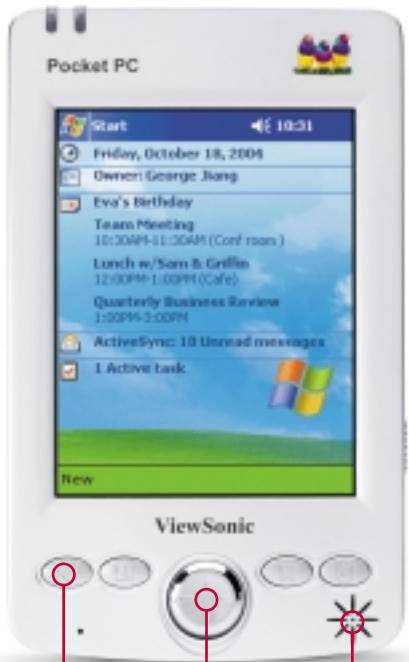

The perfect solution for a mobile world.

- **Picture perfect.** Use the integrated digital camera to capture images for use in your projects or e-mail with a tap of the screen.
- **Get the power you need.** The Pocket PC V36 has a removable battery allowing users to purchase spare batteries, extending the time between recharges.
- **Stay connected.** An optional 802.11b SDIO card is available for you to add wireless connectivity to your ViewSonic Pocket PC V36.
- **Do what you want to do.** Microsoft Pocket PC applications you already know from your PC come preloaded on your Pocket PC V36. You get Pocket PC versions of Microsoft Word, Excel, Windows® Media® Player, and even Solitaire.
- **It's really fast.** With an Intel XScale 300MHz processor, the Pocket PC V36 can keep up with you and all you do – think, live, play.
- **Bright color display for indoor and outdoor use.** Indoors or out, colors are bright and text is sharp on the full-color 3.5" transfective screen.

ViewSonic® Pocket PC V36

3.5" Color LCD, Pocket PC OS, 300MHz Intel® Processor, Digital Camera

4 programmable quick access buttons
4-way directional pad with select function
Speaker

Secure Digital slot
IrDA

Optional cradle allows effortless synchronized connection to laptops, desktops or Tablet PCs.

Processor

Powerful 300MHz Intel XScale™ processor for added speed, power savings and efficiency.

Operating System

Microsoft® Pocket PC 2003 Premium Edition operating system works much like your PC. You'll automatically feel familiar with applications.

Memory

Includes 32MB ROM and 64MB SDRAM (57MB user accessible) so you can store more e-mail, photos and music.

Size and Weight

With an ultra-thin design weighing about four ounces, it truly is a Pocket PC.

Battery

Removable long-life lithium-ion battery lasts up to 10 hours.

Display

Indoors or out, colors are vivid and text is crisp with the 3.5" full-color transfective display. High 320x240 resolution keeps your image details clear.

Integrated Digital Camera

Capture the moment with the built in 300K (640x480 pixels) digital camera.

Multimedia Functionality

Watch MPEG videos and listen to MP3 files with the Pocket PC V36. Even play music in the background while working within other applications.

Easily Access Information

Quickly access various files or applications with 4-programmable buttons. Also scroll through and access files and menus with the four-way directional pad.

E-mail

Read and respond to e-mail while on the go.* Microsoft® Pocket Outlook® provides full support for POP3 or IMAP4 e-mail including HTML messages, meeting requests, Word, PowerPoint® and Excel attachments, plus voice messages.

Synchronization Cradle

Add a cradle to quickly and easily synchronize documents and charge the battery.

Infrared Port

Support for beaming contacts, schedules, or any file including images, music files or documents.

Secure Digital Extension Card Slot

Add functionality or memory with optional SDIO memory cards.

Quickly Input Information

Naturally input data with the included Transcriber handwriting software. You can also use the on-screen keyboard to quickly input data.

Synchronization

For your convenience, the Pocket PC V36 supports both continuous or on-demand synchronization.

Warranty

1-year limited warranty on parts and labor.

Applications – Preloaded

If you need it, it's got it. Preloaded software includes: Microsoft® Pocket Outlook® (e-mail, calendar, contact, notes, tasks); Microsoft® Pocket Word; Microsoft® Pocket Excel; Microsoft® Reader; Microsoft® Windows® Media® Player v9.0; Microsoft® Pocket Internet Explorer; Microsoft Picture; Microsoft® ActiveSync®; AvantGo Sync Provider; Voice Recorder; Calculator and Solitaire.

Applications – Included on CD-ROM

Companion software for your PC is also included: Microsoft® Outlook® 2002; Microsoft® ActiveSync®; ClearVue™ Presentation.

Optional accessories available from ViewSonic

- Foldable keyboard
- Cradle
- Power adapter
- Stylus
- Screen protectors
- Travel kit (includes synchronization cable, power adapter)
- USB synchronization cable
