

ViewSonic®

VA520 LCD Display

- **Full 15.0" viewable screen**

Displays a full, flat 15" viewable area with crisp detail and fully saturated color.

- **1024x768 native resolution**

Displays a native resolution of 1024x768 for outstanding image detail. Automatically scales lower resolutions to fill the screen using an advanced processor with variable sharpness control.

- **High brightness and contrast**

With a high brightness of 250 nits (typ) and a high contrast ratio of 300:1 (typ), this display brings vivid, true-to-life color to your desktop.

- **OSD/Power lock function**

When activated, the user-controlled OSD/Power lock function prevents changes to monitor settings, maintaining an optimized image.

- **Optimum 90° backward tilt**

Wall mount easily without removing the base.

- **ViewSonic Wizard**

This software provides user-friendly installation. The included CD-ROM automates the set-up process to deliver optimized screen performance.

Bright, ultra-thin 15" LCD display sets your desktop style.

ViewSonic's super-bright VA520 15" LCD display saves desk space, while the 2.4" thin silver-on-black look states your style. The full 15" viewable screen has an outstanding 250 nits of brightness (typ) for rich, vivid color, and an incredible 300:1 contrast ratio (typ) for detailed, true-to-life images. With optional TV-ready performance with add-ons like ViewSonic's video processors, the VA520 LCD display is the state-of-the-art LCD choice for gamers, advanced-home and small or home office users.
