## VE170m/VE170mb LCD Display

### Super-slim, multimedia 17" LCD display.

If you're looking for a large screen, multimedia, flat-panel display, check out the VE170m or the VE170mb LCD displays. These super-slim 17" displays incorporate our AutoTune feature delivering the best possible image in all environments. You also get a 1280x1024 resolution, a high 300:1 contrast ratio (typ) and 230 nits of brightness (typ). Two built-in 1.5-watt speakers round out the multimedia experience. Users spend less time scrolling and more time viewing because these LCDs have a 28% greater viewing area than a 15" LCD display. With brilliant, color-rich images and a great price, the VE170m or VE170mb LCD display looks great on anyone's desk.

- **Full 17" viewable screen**
- **Displays a native resolution of 1.3 megapixels (up to 1280x1024)**
- **AutoTune® function**  
Automatically monitors video input and optimizes display settings without requiring user adjustments.
- **Bezel-integrated stereo speakers**  
The two 1.5-watt built-in audio speakers save desk and workspace while offering superior sound quality.
- **DCE™**  
Digital Chroma Enhancement produces rich, saturated color for video and moving images.
- **Space-efficient LCD panel is only 2.0" deep**  
Whether mounted on its base or on the wall using the WM-UI mounting kit (optional) the VE170m fits where conventional monitors cannot.
