## VE500 LCD Display

### Attractive styling in a 15" LCD display you can afford.

Built with simplicity in mind, the ViewSonic VE500 15.0" LCD display has uncomplicated lines and a metallic-on-black design that looks great with most computers. Its compact base folds up 90 degrees for easy wall mounting. AutoTune function automatically optimizes screen images and the OSD lock and power button lock functions prevent accidental changes to optimized screen settings. This display also offers a 1024x768 native resolution, 250-nits of brightness (typ) and a 400:1 contrast ratio (typ). For an attractive, space-saving design and ample features, choose the VE500.

- **Full 15.0" viewable screen**  
Displays a full, flat 15.0" viewable area with crisp detail and fully saturated color.
- **1024x768 optimum resolution**  
Displays a native resolution of 1024x768 for outstanding image detail.
- **250 nits of ultra-high brightness (typ)**
- **400:1 high contrast ratio (typ)**
- **OnView® controls including ViewMatch® feature**  
Customize image adjustments and color temperature via an on-screen menu using simple controls.
- **AutoTune® function**  
Automatically monitors video input and optimizes display settings without requiring user adjustments.
- **OSD/Power lock function**  
When activated, the user-controlled OSD/Power lock function prevents changes to monitor settings, maintaining an optimized image.
- **Anti-reflective coating**  
Minimizes glare and reflections, reducing eyestrain for optimal viewing comfort.
