ViewPad 100

ViewPad™ Series

ViewPad 100 — Your all-access pass.

The innovative ViewPad 100 SuperPDA is the lightweight (just 2.5 pounds), stylish handheld mobile communication and information management product for business professionals. With the Windows CE-powered ViewPad 100 SuperPDA, users can access data from virtually anywhere* — whether you synchronize your important business and personal data while at your desk or connect with network-based applications while remote. And with the ample 10" full-color touchscreen display, reading glasses become optional. The lightweight ViewPad 100 is durable, expandable and easy to use. If you're looking for a robust, flexible and highly portable platform for business applications, you've found it.

Access important applications and data from virtually anywhere

- Synchronize personal information with Microsoft® Outlook™ on your PC.
- Transfer important files to and from a PC.
- Full-screen, Java-enabled web browser.
- Access e-mail and corporate databases remotely with optional connectivity accessories.
- Instantly connect to common peripherals with the optional ViewPad Cradle.

Robust, flexible platform for business applications

- Access server-based applications remotely using Citrix® ICA® or Microsoft RDP software.
- Compatible with selected Windows® CE and Java applications.

Lightweight, durable, expandable and easy-to-use handheld device

- Weighs just 2.5 pounds.
- Strong magnesium casing.
- Supports both CompactFlash™ and PC Card expansion options.
- Intuitive operation with bright, touch-enabled 10" TFT display.

Rich multimedia experience

- Play MP3 and Windows Media Player music and video files, record voice notes or listen to a favorite book with the enhanced audio features.
- Includes 18-bit high-quality stereo audio and supports MPEG.

Instantly connect to common computer peripherals with the optional ViewPad Cradle

- Includes two PS/2 ports, one type-B USB port, two type-A USB ports, DC-in, audio-out jack and an RJ-45 Fast Ethernet port.
- Recharge the battery while docked in the ViewPad Cradle.
