ViewSonic®

airpanel™ 100

Liberate yourself from your desk
- Establish a one-to-one relationship with your PC.
- Using our Remote Desktop version, wirelessly access files, applications and/or data located on a business PC or server remotely using Citrix® ICA® or Microsoft® RDP software.
- Using our Communicator version, connect to the Internet wirelessly wherever CDMA, GPRS, and GSM cellular phone service is available.*
- Naturally interact with the PC's applications through pen stylus or optional keyboard and mouse.

Improve productivity
- Access e-mail and corporate databases remotely with optional connectivity accessories.
- Input information on your airpanel 100 and have it instantly stored on your business PC.

New Windows CE .NET operating system from Microsoft
- Broader networking support for LANs, WANs and PANs.
- Enhanced plug–and–play support for industry leading PCMCIA and CompactFlash™ Cards.
- Support for real-time IP (VoIP and Instant Messaging) communications.

Real-time two-way communication tool
- Experience always-on, anytime mobile connectivity to your business PC.
- Get instant access to e-mail, Internet files or corporate data with the tap of a stylus.
- Use optional network cards* to connect to 802.11b/a LANs, 2.5G/GPRS WANs or Bluetooth PANs.

Lightweight, durable, design
- Weighs just 2.5 pounds.
- Magnesium casing for durability.
- Includes CompactFlash and PC Card expansion slots.
- Intuitive operation with bright, touch-enabled 10" TFT display.

Unleash the power of your PC while away from your desk.
ViewSonic's airpanel 100 is the wireless display with flexibility built in. The airpanel 100 combines a full-screen viewing experience with the remote desktop capability of a PC running Windows® XP Professional. Our Remote Desktop version is ideal for wireless access to files and applications located on a business PC or server.* For wireless connection to the Web, our Communicator version can utilize CDMA, GPRS, and GSM cellular networks with an optional PC card. Get your hands on the lightweight, expandable, handheld mobile communication and information management tool built to improve your productivity - the ViewSonic airpanel 100 wireless display.
