

ViewSonic® *airpanel*™ V110p

Extend your PC experience in and around the home and/or office.

ViewSonic
See the difference.

Your desktop PC just became portable.

The ViewSonic *airpanel* V110p Smart Display is all about freedom. Freedom to remotely access all the data on your Windows XP-based PC. Freedom to enjoy a **WIRELESS COMPUTING EXPERIENCE** – without bulky power supplies and tangled wires. The **TRULY PORTABLE** 10" *airpanel* V110p works as an extension of your PC. View your computer desktop, just as though you were in front of your monitor. Create and edit documents as if you were sitting at your desk without sacrificing storage space or functionality. Enjoy your freedom.

Now you can liberate yourself from your desk – with the wireless V110p Smart Display.

- **Enjoy.** Get added enjoyment from your computing experience by computing where and when you want.
- **Anywhere, anytime.** Remotely access files, applications and/or data from virtually anywhere within a wireless infrastructure via an 802.11b wireless connection.
- **Stop waiting.** With a fast 3 second boot up, you can quickly access e-mail or review a presentation with a touch of the screen.
- **Do it all.** Access your calendar, e-mail, and any application on your PC – even view and edit data or photos – quickly and easily.
- **Leave your mouse and keyboard behind.** Navigate and enter data using only a stylus with the V110p's touch-sensitive screen.
- **Get the power you deserve.** With a long-life lithium-polymer battery, the *airpanel* V110p has the power to work as hard as you do.

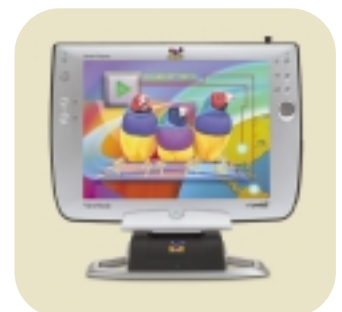

Stay in touch

Reference documents from your PC without leaving an important meeting. The *airpanel* V110p keeps all your PC files at hand.

grab it!

The optional V110p Dock allows you to charge the battery.
