

Lucent Technologies

**Create customized user documents
in a snap**

**...with *Guide Builder*[™] Software for
DEFINITY[®] ECS Telephones**

Hardware Requirements:

486 or better processor

Minimum of 16 MB RAM is required; 32 MB RAM is recommended

Minimum of 133 MHz

CD-ROM Drive

Minimum of 75 MB of disk space available

Minimum of 12" viewable area on screen

Any laser printer supported by Microsoft® Windows® that is capable of printing graphics

Mouse is not required, but is strongly recommended

Software Requirements:

Windows® 3.x, Windows® 95, or Windows NT® that supports 16-bit applications.

(If you are using Windows NT, you may need to contact Microsoft Corporation to obtain Service Pack 3.)

Installation Instructions:

1. Close any open applications.
2. Access your Desktop or the Program Manager screen.
3. Select **Start-Run** or **File-Run**.
4. Type **d:setup**.

If this is not your CD-ROM drive, change d: to the appropriate letter.

5. Click **OK**.
6. Respond to the prompts.

***Guide Builder*[™] software is the dynamic new tool you'll use to create customized user documentation.**

Here's how...

1. Double-click the icon to launch the *Guide Builder* software.
2. Select your system, telephone, and features.
3. Generate your guides.

You choose the documents *you* need *right now*. Send them to your printer, your screen, or even an electronic file. Comprehensive on-line help walks you through every step.

Here's why...

1. Minimize the number of manuals lying around your office.
2. Print only the instructions that you need.
3. Change the information to suit your style.
