Wall mounting

This unit can be mounted on the wall phone plate.

1. Turn the handset hook upside down.
2. Remove the attached stand.
3. Rotate the stand ½ turn so that the arrow on the stand shows UP for WALL.
4. Place the stand on the center of the unit.
5. Mount the unit on the wall phone plate.

To temporarily place the handset down during a conversation, hook as shown.

11. Unplug this product from the wall outlet and refer servicing to qualified service personnel under the following conditions:
   A. When the power supply cord or plug is damaged or frayed.
   B. If liquid has been spilled into the product.
   C. If the product has been exposed to rain or water.
   D. If the product does not operate normally by following the operating instructions. Adjust only those controls, that are covered by the operating instructions because improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the product to normal operation.
   E. If the product has been dropped or the cabinet has been damaged.
   F. If the product exhibits a distinct change in performance.

12. Avoid using a telephone (other than a cordless type) during an electrical storm. There may be a remote risk of electric shock from lightning.

13. Do not use the telephone to report a gas leak in the vicinity of the leak.
