

WHO GETS MONEY WHEN YOU BUY A CD?

The Big 5 - BMG | EMI | Warner Bros. | Sony | Universal

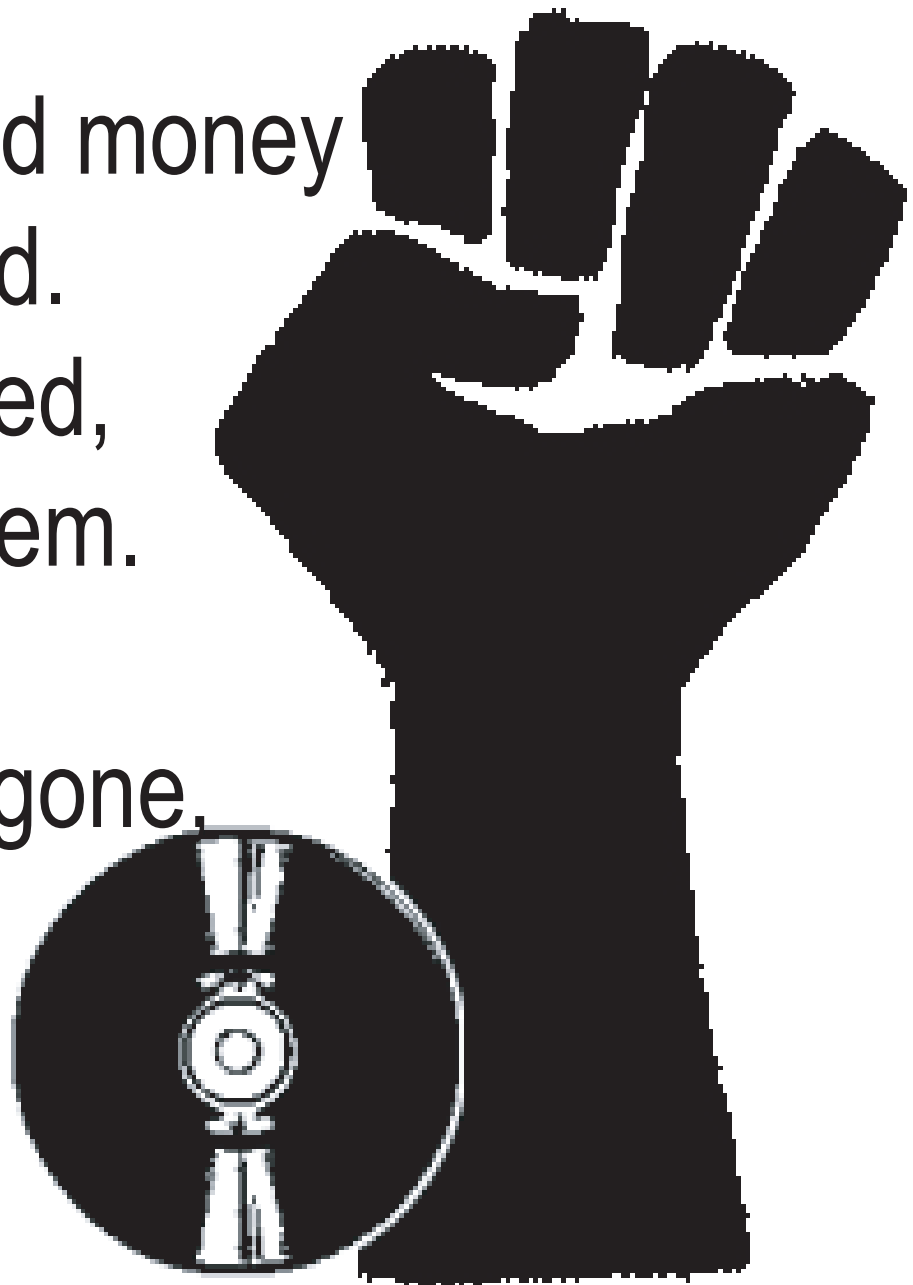

- 5 companies control over 85% of all pre-recorded music (RIAA)
- A \$16 CD is very cheap to make, but musicians get less than \$1 to share
- The Big 5 has already been caught price fixing CD's at least twice (FTC)

Don't spend your hard-earned money on more corruption and greed.

Help get rid of these unneeded, dying labels by not buying them.

They're hurting artists and consumers alike. With them gone, all will benefit.
